Dear Parent/Guardian,

Re: Online English and Maths Tuition

I write to inform you of an exciting opportunity that we are offering some of our Y11 students. To enable our Y11 students to make maximum progress in English or Maths in the short time before their exams we are offering some additional intervention in these subjects. This will take the form of your child being paired with an online tutor via a company called TLC who will work them to identify their areas of weakness and take part in activities to help them to address them. Information on the process can be found by following the link below:

<https://www.tlclive.com/tlc-for-parents/how-it-works/>

The sessions will take place at school and will be at a significant cost to the school. Students will be removed from lessons to take part in these online sessions but have taken all possible steps to ensure that this will not affect progress in these lessons.

Please contact me if you have any questions about this.

Yours sincerely,

*J. Whitehead*
